"Keep it Local, Keep it Fresh"!

2026 Fall/Winter Community Supported Agriculture (CSA) Program

We are delighted to offer our very popular & successful Fall/Winter CSA again this year!

How our program works...

You purchase a Fall/Winter share in our farm (full or half) and we will provide you and your family with the highest quality all natural, USDA pork & chicken on a weekly basis. Each week will include different types of our USDA chicken & pork cuts along with our fall produce for as long as we have it. We also periodically include our award-winning canned goods & free-range eggs. Everything is raised all naturally with lots of love & care, eggs are pulled from the coop that day and produce is fresh picked for you that day or the day before (weather permitting). All canned goods are made only with the produce on our farm so it's fresh out of the field & right in the jar! Everything is GMO free. All items included in the bags will be a sampling of what we have available! We're also pleased to be partnering with Oakridge Creamery & Sweet Pea Farm to offer the option of receiving farm fresh milk &/or goat/cow cheese & yogurt. This is not included unless you fill out, sign the last sheet of this application & pay the additional fee per item. You can choose one, both or neither.

Your choice of pick-up day is Sunday or Thursday from 2:00pm to 6:30pm at our farm stand at 1098 Main Street. Just come on in & ask for your 2 bags. You will have 2 bags, 1 with your frozen items & 1 with your other items. Our CSA will begin on Sunday, November 1st and run through Thursday, January 7th. We are only offering 20 CSA memberships/day, so please submit your application quickly to ensure you are a part of this exciting offer as spots are reserved on a first come, first served basis.

How much does it cost?

A full share for the 2026 Fall/Winter season costs \$600 which entitles you to a full bag of product every week for the 10 week season (which consists of no less than \$60 worth of product per week) or, if you don't need that much product, you can purchase a half share for \$350 which entitles you to half a bag every week for the 10 week season (which consists of no less than \$35.00 worth of product per week). If you choose one of the "add-on" options of milk and/or goat cheese, it will be an additional fee (see page 3 for exact amount depending on what you choose). If you have chosen an add-on dairy product, then your total would be adjusted accordingly.

How do I become a member?

Complete and send in the CSA Application with payment.

What are the benefits?

As a member, you will receive a share of Killam & Bassette Farmstead's quality products. Our USDA pork & chicken is all natural, non-GMO, with no steroids, nitrates, or artificial ingredients. Our award-winning canned goods are made only from the produce on our farm. Our free-range eggs are pulled from the coop that morning & our produce is picked fresh the day or the day before! Everything is as fresh as if you raised/made/picked it yourself and delivers the most nutrients to you, our customer. You can taste the difference! As always, *"Keep it Local, Keep it Fresh"!*

What are the risks?

We are committed to providing you with the highest quality products but there are risks in agriculture (Mother Nature's whims, disease, pests, etc) that need to be shared by the whole community. 2026 Fall/Winter CSA Farm Fresh Milk Add-on Sheet

#1 - Farm Fresh Milk Add-on Option

Oakridge Dairy located in Ellington, CT is a family operated dairy farm producing premium dairy products. Their cows graze on pasture grasses so their milk is truly made from the goodness of grass. Their dairy products are vat-pasteurized and non-homogenized. Their milk is packaged on location at their farm. Bring the bottle back & get your \$3.00 deposit each week. Check out their website at oakridgedairy.com.

Yes, add Oakridge Dairy's 1/2 Gallon of Whole Milk to my weekly CSA for an additional \$100/season.

#2 – Sweet Pea Farm's Goat Cheese & Goat/Cow Yogurt Add-on Option

Sweet Pea Cheese is a family run farm that is part of the House of Hayes Farm, a seventh-generation dairy farm located in North Granby, CT. They currently milk 120 dairy cows & 65 dairy goats. They work very hard to take care of their animals so they will make high quality milk for all their products. Both milking herds have access to pasture in the warmer months & in the cooler months, they enjoy crops they harvest for them. If you choose this add-on, you'll receive one of the following goat cheeses/yogurts each week:

- Chevre – Many varieties that are seasoned differently
 - garlic & dill
 - sundried tomato basil & garlic
 - cranberry
 - lemon blueberry thyme
 - pepper trio
 - plain
 - & many more
- Cow Yogurt (regular & Greek)
- Goat Yogurt (Greek)
- They may even have delicious Feta

Yes, add Sweet Pea Farm's cheese/yogurt to my weekly CSA for an additional \$95/season.
